Summary
City Council requested staff to collaborate with the Riverside County Sheriff's Department to develop a crime statistics document that would reflect selected Part I and Part II crime data for the City of Eastvale. Intended to show month-to-month crime statistics, the statistics will assist in determining appropriate staffing levels for law enforcement services.

Background
In May 2017, City Council directed staff to coordinate with the Riverside County Sheriff's Department to request and obtain monthly crime statistics for the City of Eastvale. The primary intent of the request was to determine appropriate staffing levels during the City's contract negotiations with the Sheriff's Department. Over several weeks, the City Manager and staff worked collaboratively with Riverside County Sheriff's Department Administration and Management to obtain crime statistics that could be shared with the public and on a regular basis.

Upon receiving the data, the Riverside County Sheriff's Department advised staff that the data provided would be reflective of the previous month, or thirty days behind the current month; and that the report would need to include a disclaimer identifying the data as preliminary and raw.

At the July 26, 2017 meeting, City Council recommended that staff add columns reflective of felony and misdemeanor arrests. During the September 26, 2017 meeting, City Council recommended staff add traffic violations/citations to the document. All additions are reflected in the August 2017 Crime Statistics attached.
